Hi everyone!

Arley n I had a great meeting yesterday n also met successfully with Joe today. I am happy to say we are moving along quite nicely with Fleet Week plans. My brainstorm for Swing Peedro as a regular part of Fleet Week on Saturday night was welcomed with open arms. I'm so happy n grateful for that!

We are working on final details for our new n updated Swing Peedro website as well as flyers n other promo materials. I will get all these to you very, very soon. I can't emphasize enough how important it is that I have all of your ultimate promotional support with this project. Without that it's just a lot of money n time wasted on our part which would be very sad. This can be an amazing event to capture the essence of the whole FleetWeek extravaganza as long as it's promoted well.

Thank you all so much for your cooperation n support. I really believe in this community, in FleetWeek n in People's Place. It means everything to me. I think it's all going to be fantastic! N it's only the beginning!!
